QUARTERLY
UPDATE
MARCH 2023

HE DID. I WILL.

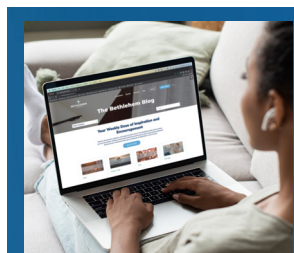

Everything we do in life, as followers of Jesus, is in response to all He has done, is doing, and continues to do in and around us. The center of our faith is the grace of God given to us in the person of Jesus. There is NO greater response to grace than to live a life of generosity. I am thankful for you because you, my Bethlehem Church friends, have taken on the challenge of living generously.

Some of the most famed words Jesus ever said was - ***"I have come that you may have life and have it more abundantly."*** Choosing generosity as a lifestyle is living with an abundance mindset. At Bethlehem Church, we have chosen to have this mindset in all areas of life. Choosing to live with an abundance mindset not only changes us, but it creates an opportunity for others to experience the love of God that is far greater, wider, and deeper than anything this world has to offer.

Nan and I are learning that it is one thing to want to be generous, but it takes daily trust to continue living out our generosity commitment. I have realized, since we launched the BE/CAUSE initiative, that a trust in God is required every step of the way. Generosity proves and generates faith in God like nothing else. God has grown our church by hundreds more since launching this new season, and I know it's because God sees the hearts of His people believing Him for more life change.

I am proud of our church and I am thankful for you. Let's keep trusting TOGETHER in Jesus like never before!
